OF RAMAKRISHNA MISSION

NANRITAM

VISION

To see the under privileged wake up and live a healthy, purposeful, and active life, a life they can command themselves... free of the shackles of poverty, ill health & illiteracy.

MISSION

Our mission is to render services to the deprived by facilitating their fight against illness, illiteracy & poverty, with a holistic support. Basic education, health-care, livelihood avenues should be available to all, irrespective of gender or class

THE BEGINNING

NANRITAM started its journey in the year **2001**, when a handful of like-minded professionals came together with a dream to serve humanity Irrespective of caste, creed, religion or profession. This group started working with a small community of slum dwellers in North Kolkata, through a small health care unit, **Swami Lokeswarananda Smarak Seva Kendra (SLSS)**.

Later, in 2004, a comprehensive community development project, **GRAM SEVA PRAKALPA**, was taken up in the remote, rural areas of Purulia district, West Bengal.

PRESENT ARENA

- **Rural Purulia:** One of the most under-served, tribal districts of West Bengal. Our Project site, **Ananda Niketan** is at **Para block**, catering to a mixed population of nearly two lacs. More than 70% of the population fall below the poverty line. Their major source of income is through unskilled labour, mostly in the fields, hence very ill paid. Education & health status shows a very grim picture. Many of the major bread earners, still remain mostly illiterate.
- **Urban slums of North Kolkata & its suburbs:** Service over an extensive area from **Baranagar to Kamarhati**, covering areas like 27,28,29,30 & 03, over an estimated area of 10 km radius with a population of 3 lacs.
- Some of our projects are covering **West Bengal at large**
